WHO'LL BE U. S. SENATOR? REPUBLICANS TALKED OF TO SUC

CHED EDWARD MURPHY, JR. Depew, Woodford, Payne, Gov. Black Root, Choate and Odell Montioned-Din ner to Be Given Col. Boosevelt at the Republican Club on Saturday Night.

The joint caucus of the Republican Senators and Assemblymen which is to formally nomi-nate a candidate for the United States Senate to succeed the Hon. Edward Murphy, Jr., of Troy, will not, it was said last night, be convened much before Jan, 15. Nevertheless, from the instant that it was known that the Republicans would have a majority on joint ballot in the Legislature goesip was started as to the possible successor of Mr. Murphy. The Republican leaders said at the Fifth Avenue Hotel last night that it was altogether too early to discuss this matter, and that the sentiment of Republicans all through the State would be

consulted at the proper time. The Republicans went on to say that the names of the following men had been men-tioned: Chauncey M. Depew, Stewart L. Woodford, Sereno E. Payne, Frank S. Black, Elihu Root and Joseph H. Choate, Other Republicans mentioned the name of the Hon. Benjamin B. Odell, Jr., Chairman of the Republican State Committee. Mr. Odell grinned at the report, and went off to Newburg to become sequainted with his family. He will return to New York to-day and visit the office of Moore & Schley for the purpose of collecting the \$40,000 awaiting him there. Mr. Odell put up \$20,000 against Bell & Co.'s \$20,000 on Saturday that Roosevelt would win. Moore & Schley kindly consented to hold the money. Mr. Odell called at Moore & Schley's office yeserday, and was informed that Bell & Co. iesired another day in which to settle their

The Republican campaigners desired last night to testify their appreciation of the work which Charles Steckler had performed for the Republican State Committee in the interest of Col. Theodore Roosevelt. Early in the campaign, it was announced, Chairman Odell and Col. Abraham Gruber called upon Mr. Steckler and talked over many suggestions as to the conduct of the campaign in the in-terest of Col. Roosevelt. Mr. Steckler suggested that the Germans and the Irish Americans, contrary to the statements Irish Americans, contrary to the statements of Tammany Hall, were not all in favor of Van Wyck's election, but that with proper care the support of a great many Germans and Irish-Americans could be secured for Roosevelt. The Republican campaigners went on to say that Mr. Steckler was responsible for the German meetings held in Cooper Union and elsewhere, and also for the meetings of the Irish-Americans held in Cooper Union and elsewhere in support of Col. Roosevelt. The Hon. William Barnes, Jr., Chairman of the Executive Committee of the Republican State Committee, carried out Mr. Steckler's suggestions, and Mr. Barnes communicated with Frederick Holls and Patrick Egan. In many other ways the Republican testimony was yesterday that Mr. Steckler had been of great benefit to Col. Roosevelt's campaign and all said that they wished to testify in hearty terms to Mr. Steckler's services and to his personal and specific knowledge of the political vote in New York city.

Very many readers of The Sun have asked during the last two weeks the name of the author of the following poem:

TURN 'EM DOWN! KNOCK 'EM DOWN

The New Democratic Gospel Preached by

Croker and Hill. If your Judges disobey you, Turn 'em down.
With the wrong if they array you. Turn 'em down Let them find out to their loss Who is Judge and who is Boss,

If a man detects you cheating, Knock him down When the Ballot law you're beating. Knock him down. Get your vote in anyhow.
If he dares to make a row,

Enock him down.

This poem was reprinted in a great many newspapers up the State, and was used by the Republican campaign orators to bring to the attention of voters two of the issues of the campaign. The Sun is at liberty to announce that the poem was written by Lieut. Horace C. Du Val. a personal friend of Col. Roosevelt and private secretary to Chauncey M. Depew.

Col. Roosevelt, the Republican Gubernor-elect, it was said last night, is to attend a dinner in his honor to be given by the Republican Club on Saturday night. Not only has the talk about a United States Senator to succeed Mr. Murphy been started, but it was pointed out last night that Gov. Roosevelt is to name a new military staff from Adjutant-General down. In addition, during Gov. Roosevelt's term of office many important places are to be filled. A partial list is as follows:

THE FOTE IN ONRIDA COUNTY. Uties Gives Van Wyck 606 Majority, but the County Gives Roosevelt 1,334.

UTICA, Nov. 8.—The vote of Oneida county and this city forms an interesting study. The towns outside Utica give the normal Republican majority, while the city goes into the Democratic column, from which it was taken about six years ago. Roosevelt was beaten in Utica by 606 votes, but the vote in the towns is such that the county gives him 1,324 over Van Wyck. McDonough for Secretary of State and Davies for Attorney-General ran ahead of that vote. Four of the seven Aldermen elected are Republicans, and that party will control the Common Council, 9 to 8. The minor city offices will be filled by Democrate elected yesterday. The First Assembly district, city of Utlea, elects Sullivan, Democrat, by 1,082. The other districts in the county recilect Mason and Martin, Republicans. Congressman Sherman, Republican, is returned from this district by 3,110. The greatest fight was made against Henry J. Coggreshall, who has been in the Senate sixteen years consecutively. Three years ago, when the Senator was turned down in the Republican County Convention, he organized an independent movement, was indorsed by the Democrats and elected. His renomination this fall was without opposition, but later many Republicans came out openly against him. Utica, which he has always carried, gave his Democratic adversary S41 majority, but the county shows a majority of 223 for him to-day, between the will run without opposition if he pleases, as fighting Joe Wheeler did for Congress. It is conceded that no one in Oneida county can defeat Coggeshall in the future. His opponents in both parties are dismayed and give it up.

Utica was honored with a place on the ticket of the Cita Union in the nomination of Mayor Rieney for Comptroller, but Utica acknowledged the honor by giving him only 226 votes. In the county the Cit voce was 316 only. districts in the county reslect Mason and Marvictory, and the official vote will not show a majority either way over 200. With all counties heard from Williams claims his election by 180, while Fugh says he is elected by "probably 100."
Though conceding the re-election of T. Y. Fitzpatrick (Dem.) in the Tenth district last night, Republicans now claim the election of W. J. Seitz by 78. The official count must determine the result. The official count will give a Democratic majority in the State of between 21,000 and 22,000, against 268 for McKinley in 1886.

In the Fifth (Louisville) district, Evans (Rep.) received only 14,113 votes, against 27,780 cast for him in 1886, and was defeated by less than 600 votes.

THE SWEEP IN NEW JERSEY.

cornees Wins by Over 11,000 Plurality-Legislature Republican by 31 Majority. The result in New Jersey was a surprise to liticians on both sides. The Republicans specially were astonished when the returns, were very late, came in and told them that in the vote for Governor they had made almost a clean sweep in the State. The new Legislature will stand: Senate, 14 Republicans and 7 Democrats: Assembly, 37 Republicans and 23 Democrats. This gives a majority of 21 Republicans on joint ballot. All of the Republican send property of the Republican send property of the Republican send property of the Republican Assembly candidates in Essex county were elected.

eDermott of Hudson was the only Demotic Sonator elected. The next Senate will
ad politically the same as the last, and, as it
peens, the Assembly will also. The Repubin majority on joint ballot insures the choice

voorhees was elected Governor, the latest returns indicate, by between 11,000 and 12,000 plurality. Essex county gave him more than 4,400 plurality over Elvin W Crave, and Essex was supposed to hold the key to the situation. It was eald that he Essex went the State would go, but the State nearly doubled the Essex record.

The complete returns show that the Demo-orats carried Hudson county by an average plurality of 10,500. The vote for Governor was: Crane (Dem.), 32,865; Voorhees (Rep.), 22,073. Crane's plurality, 10,782. William D. Daly, the Democratic candidate for Congress in the Congress district, which does not Include Bayonne, ran ahead of the candidate for Governor. The vote was Daly, 30,354; Pangborn, 20,174. Daly's plurality, 10,180.

10.180.

It was generally believed that Allan L. McDermott, the Democratic candidate for State
Benator, would be heavily scratched, but such
was not the case. He was in the anomalous
situation of a sound-money advocate running
on a free-silver ticket, but he was only 1.340
votes behind the head of the ticket. The vote
was: McDermott, 32,046 f Brautigam, 22,613.
McDermott's plurality, 9,433.
Leon Abbett, a son of the late Gov. Abbett,
headed the Assembly ticket with 32,027 votes.
The highest candidate on the Republican
ticket was Claus Basse, who received 24,400
votes.

votes.

Charles Birdsall and Daniel T. Lewis, Democrats, and Robert D. Urauhart, Republican, were elected Boulevard Commissioners. The law creating this office was passed last year and in order to make the board non-partisan it provided that only two candidates should be voted for by either party.

The Board of Freeholders stands 28 Democrats and 2 Republicans.

MISSOURI IS DEMOCRATIC.

Sryan's Plurality Cut Down to About One Third-Legislature Democratic.

Sr. Louis, Mo., Nov. 9.—Sufficient returns have been received to show that the State has gone Democratic by a reduced majority. The Republican claim of 90 on joint ballot in the Legislature has dwindled down to 62, with 3 doubtful. The Democrats figure out 81 State representatives and 24 Senators, or 105 on joint ballot. Speaker Farris was defeated in the Eighteenth district, thus giving the quietus to his Gubernatorial boom.

The Congressional delegation stands 3 Re-

publicans and 12 Democrats, as follows: First, James T. Cloyd (Dem.); Second, W. W. Rucker (Dem.); Third, John Dougherty (Dem.); Fourth, C. F. Cochran (Dem.); Fifth, W. S. Cowherd (Dem.); Sixth, D. A. De Armond

Fourth, C. F. Cochran (Dem.); Fifth, W. S. Cowherd (Dem.); Sixth, D. A. De Armond (Dem.); Seventh, James Cooney (Dem.); Eighth, R. P. Bland (Dem.); Ninth, Champ Clark (Dem.); Tenth, Richard Barthold; (Rep.); Eleventh, Charles J. Joy (Rep.); Twelfth, Charles E. Pearce (Rep.); Thirteenth, Edward A. Robb (Dem.); Fourteenth, W. D. Vandiver (Dem.); Fifteenth, M. E. Benton (Dem.). The Republican managers are not yet ready to concede that the Fourteenth and Fifteenth districts have been carried by the Democrats, claiming that in the former, at least, it will take an official count to determine. The re-election of Bland (Eighth) and Clark (Ninth) was the surprise of the election to the Republicans, as reports received at State headquarters indicated their defeat.

A change in sentiment in the last few days of the campaign caused by opposition aroused by the course of Filley and indignation over the attempt of the independents to defeat the Republican ticket, is largely responsible for the re-election of Pearce and Joy. Up to 1:30,2A. M. the result was in doubt in their districts.

Thomas J. Akin, Chairman of the Republican State Committee, at 10 o'clock this evening gave the following statement:

Returns are not all in, but enough has been received to show that Bryan's majority of SN.727 will be cut to one-third, the Democratic majority being not to exceed 20,000. This places Missouri in the doubtral column of States. Large Republican gains are shown in every precinct, and the death knell of free silver has been sounded. Furthermore, had it not been for the independent movement and juggling by the Supreme Court, by which, and on a decision of the Attorney-General, the Populists; nominated the Democratic candidate, thus giving them places on two tickets, we would have carried the Legislature and doubtless elected the State ticket."

CALIFORNIA IS REPUBLICAN.

The Majority Is Not Less Than 20,000-Siz of the Seven Congressmen Republican. SAN FRANCISCO, Nov. 9 .- Henry T. Gage, Refornia by a plurality over James G. Maguire, Fusionist, of not less than 20,000, and it may reach 25,000. The Republicans have carried the First, Third, Fourth, Fifth, Sixth and Seventh Congress districts, a clear gain of three over the present California delegation. While returns have not been received from all the counties, it is already assured that the Republicans will have, a working majority in both branches of the State Legislature, insuring a Republican successor to United States Senator Stephen M. White. In the Second Congress district Marion De Vries, Democrat, defeats Frank D. Ryan, Republican, Both Barlow and Castle, the present Populist Congressmen from the Sixth and Seyenth districts, are defeated by substantial majorities. The next delegation from California will be as follows:

First district, John A. Barham (Rep.); Second, Marion De, Vries (Dem.); Third, Victor A. Metcalf (Rep.); Fourth, Julius Kahn (Rep.); Fifth, Eugene F. Loud (Rep.); Sixth, Russell Water (Rep.); Seventh, James C. Needham (Rep.). returns have not been received from all the

Water (Rep.); Seventh, James C. Rechald (Rep.).
The only Republicans on the State ticket defeated are Van Fleet and McFarland for Supreme Court Justices and Charles F. Curry for Secretary of State. Curry was allied with the political bosses in the city and Van Fleet and McFarland were understood to be "railroad judiciary candidates." McFarland may pull through, but the returns indicate his defeat. REDUCED PLURALITY IN ILLINOIS. The Republicans Win the State by 40,000

-Chicago Goes Republican. CHICAGO, Nov. 9.-Illinois is Republican by less than 40,000. McKinley carried the State by 141,000 and Tanner by 113,000 two years ago. Republicans charge the decrease to "Tannerism." Floyd K. Whittemore is elected State Treasurer by about 30,000 majority, and the rest of the ticket by slightly increased majorities.

The Republicans lose members of both Houses of the Legislature, but say they will have a majority on joint callot. This is not yet certain, and it may take several days before the returns are sufficiently complete to show the result. In Cook county the Democrats gain three Congressmen.

In the Fitteenth Congress district Joseph A. Roy claims that the official count will the necessary to determine the contest. Marsh, the Republican candidate, telephoned to the State Central Committee to-nighthat he was elected by 400 majority.

In Cook county the Republicans carry all county offices by majorities of from 10,000 at 28,000. The Congress delegation will probably stand filteen Republicans and seven Democrats. Houses of the Legislature, but say they will

HIS TREATMENT OF JUSTICE DALY DEFRATED VAN WYCK.

the Air Full of Murmurs Last Night, and Talk of an Organization in Opposition to Tammany Hall Revived—John D. Crimmins and Other Democrats Speak Plainly. The Hon, Patrick Henry McCarren, Chair-

an of the Democratic State campaigners at the Hoffman House, did not wish to say much yesterday as to the defeat of Augustus Van Wyck, the Democratic candidate for Governor. He's a good deal of a political philosopher. Senator McCarren is, and all that he would say was: "A post mortem examination will not do us any good. I have never believed in pos mortems. Roosevelt got more votes than Van Wyck. That's my explanation. New York, Kings, Queens and Bichmond seem to have done well enough. We were snowed under up the State.

Thomas E. Benedict, former Public Printer at Washington and the personal friend of former Senator David B. Hill, was asked the cause of Van Wyck's defeat. Mr. Benedict pointed to the huge painting of Richard Croker in Democratic headquarters and said: "That judiciary trouble, for one thing. If Mr. Croker had nominated the Judges and then kept quiet it would not have been so bad. But he kept on talking about the matter. I am not the only one who complains of Mr. Croker's course.

There are many others."

John D. Crimmins, who criticised Mr Croker during the campaign for his refusal to renominate Supreme Court Justice Joseph F Daly and who supported Mr. Daly to the end gave his views as to the cause of Van Wyck's defeat to a Brooklyn newspaper last night, as

follows:

In speaking of the cause of the defeat of the Democratic candidates for State offices, we should sonsider at the outset where the party stood and what were the possibilities the day after the Syracuse Convention. The clean platform and the clean candidates gave great confidence to every Democrat, and from that day until the nominations for sudicial offices in the borough of Manhattan the party gained. The platform met with great approval from independents and broad Republicans.

offices in the borough of Manhattan the party gained. The platform met with great approval from independents and broad Republicans.

"The Issue that the leader of the Democracy in this borough made when he gave out his statement in regard to Judge Daly's acta and why he was not renominated was a defiance to established principles—that the Judiclary must be above dictatorial influence. The independent voter was ready to and did resent the position of the leader of the party.

"Mr. Croker cannot say that the danger of following his will in this respect was not a menace to the party; and I understand that he said that the defection would not be more than 15,000. Were he a leader who had the interest of his party first in mind rather than to satisfy a personal grievance he would have said; Party's interest first. I can as an individual submit, but I will not jeopardize my party's interest. I am not acting for myself, but for the people of the State.

"I know whereof I speak, that the large registration on the last days was a rebuke to Mr. Croker by the vote, from people who were not held to parties particularly in the question of the Bate and national issues. And this registration was very largely Republican—fully two-thirds, I believe. It is quite easy to compute the numbers and the effect. I saw the drift of the feeling and called on ex-Mayor Grant and advised him, fearing by my acts in regard to the support of Judge Daly I would be the means of turning Democrats who would be inclined to any position I took. I withdrew from public efforts for Daly and made myself consplictous in the canvass for Judge Van Wyck and the State ticket."

It was made known hast night that several days before the last two registration days twelve Tammany Hall lenders went to the Metropolitan Club by appointment to meet the friends of John D, Crimmins and others for the purpose of taking every step to lessen the registration in their districts as a preliminary was to the overthrow of Mr. Croker, because of his refusal to sive a renominat

CROKER'S AXE OVER THESE MEN. The Boss May Reduce Engel, Divver and

Other District Leaders to the Ranks. Richard Croker, it was said at Tamman Hall vesterday, is about to turn down seven or eight of his district leaders. Martin Engel, leader in the Eighth Assembly district, has been slated for some time to be turned down. Engel failed to carry the district this year for the Tammany Assembly candidate, Louis Jaffer Some weeks before the election Mr Croker told Engel that he would give him one more chance-if he did not elect the Tammany Assemblyman he would be turned down. Bernard Rourke is Engel's chief opponent in the Eighth, and it is said that Mr. Croker will make him the district leader. It was also rumored in Tammany Hail that Senator Bernard F. Martin, leader in the Fifth Assembly Zdistrict, who has been reelected to the State Senate from the Thirteenth district, is also slated to be turned down. Martin is a brother of James J. Martin. Tammany leader in the Twenty-seventh Assembly district, and of the two it was thought that the Senator was the stronger friend of Mr. Croker, James J. Martin's downfall as a district leader has been anticipated ever since Mr. Croker turned down John C Sheehan. Martin was elected Senator this year by a blurality of 4.046, but he falled to elect the Tammany candidate for member of Assembly in his district. Drescher was beaten by 318,

William Astor Chanler carried this district leat year for Tammany Hall, but it was not Tammany Hall that won, but Chanler. Cornelius Van Cott is the Republican leader of the district, and the district is nominally Republican.

And "Paddy" Divyer, it was said, is also on many Assemblyman he would be turned

nelins van Cott is the Republican leader of the district, and the district is nominally Republican.

And "Paddy" Divver, it was said, is also on Mr. Croker's blacklist, sithough many Tammany Hall men not in Mr. Croker's confidence refuse to believe this. Divver has been a Tammany leader for many years. His last fight for the leadership was with ex-Alderman Nicholas Brown a year ago, when Divver won out. Divver's district, the Second, gave Van Wyck a plurslity of 3,607 this year, and the Tammany Assembly candidate, James A. Reardon, was elected by a plurality of 3,537. Divver was supposed to be solid with Mr. Croker. One of the stories at the Wiewam yesterday was that at noon on election day Divver told Mr. Croker that he was afraid that the Jews in his district were against him, and it is said that Mr. Croker told Divver that he ought to have known that weeks before.

THE CLAIMS IN WASHINGTON.

Both Chairman Babçock and Chairman Washington, Nov. 9.—At midnight the representatives of the Republican and Demogratic Congressional committees in this city both claim a majority in the next House. After having been up until the early hours of the morning. Chairman Babcock of the Republican Committee and Senator Kerr of the Democratic Committee were both down at their offices early to-day and remained until nearly midnight. Mr. Baboock said to-night his latest returns give the following forecast of the next House: Republicans, 181; Demo-erats. 153; Populists, 9; Silver, 2; doubtful, 12, giving the Republicans a majority of five over all. Out of the twelve doubtful districts Mr Babcock expects to get at least four, and claimed that he would have one in Illinois, one

Babcock expects to get at least four, and claimed that he would have one in Illinois, one in Kansas and one in Minnesota sure, giving the Republicans a majority of eleven.

At the Democratic headquarters to-night Becretary Kerr was claiming the election of 184 Democrats and allies. In making out his statement for The Sun, Mr. Kerr said that he would give only those districts about which he had positive information to the effect that they had gone Democratic. He said there was not the slightest doubt that the Democrats bad 184, and at least a chance in thirteen districts they hoped that the official count would give them at least three. Mr. Kerr in his estimate concedes the Republicans the two votes from the Ntate of Washington, although he thought the Democratis might secure one or both. In Wisconsin they hoped to get two, although hory allowed the Republicans a solid delegation from that State. He accepted Mr. Babcock's figures on Illinois, giving the Democrats eight, but expected to get two more. He allowed the Republicans a clean sweep in Iowa, but claimed five in Indiana. In New Jersey they expected to beat Solomon in the Fourth, and in Pennsylvania they believed that Cochran would beat Atchison. In Massachusetts Mr. Kerr claimed three. In Maryland he counted on two and expected to beat Wachter. He had a telegram late to-night from Tennessee to the effect that Brownlow was defeated, but he thought the returns might be late coming in. He counted on nine-teen members from New York, a solid delegation from North Carolina and ten members from Pennsylvania. Mr. Kerr was very positive in his statement, and said that it was practically all over.

OHIO REPUBLICAN BY 60,000.

Becord of the President's Own State is 1896 Eclipsed This Year.

COLUMBUS, O., Nov. 9.-Fuller returns but serve to emphasize the stand taken by Ohio in support of its own President. The returns in possession of the Republican State Committee to-night, which are complete with the exception of balf a dozen small counties out of of eighty-eight, show Secretary State Charles Kinney, the head of the Republican State ticket, to have been reelected by a plurality of 59,056 over Guth-rie. Democrat. This is 20,000 more than any but a few sanguine Administration men expected. It is 30,000 more than Bushnell's plurality of last year, and it is 9,000 more than President McKinley's plurality in Ohio in 1896, Mr. Harry M. Daugherty, Republican State

Chairman, said of this victory to-day: "The result is directly due to the general sentiment of the people in indorsement of the Administration, the confidence of the people in President McKinley, and the satisfaction with the conditions that have been brought about

President McKinley, and the satisfaction with the conditions that have been brought about since the inauguration of Republican power in the National Government."

John T. Blacker, Chairman of the Democratic State Committee, made the significant admission that the people of Ohio were bound to indorse the Administration's war policy. Mr. Blacker said:

"The desire of the neople of the State to stand by the President and to vote approval of the Administration's conduct of the war had much if not the most to do with it in my opinion. Democratic apathy contributed."

Later returns do not change the complexion of the Ohio delegation to Congress. It stands fifteen Republicans, six Democrate, and each district will be represented in the next Congress exactly as in this. John T. Brenner (Dem., Third district), is rediccted by 71 votes, and Walter L. Weaver (Rep., Seventh district), will have about 300 plurality. John J. Lentz (Dem., is rediccted in this (Twelfth) district by only 807, though the normal Democratic plurality is 3,000. It is claimed by the Republican committee that Lentz would have been defeated had he not received Republican votes. Enough Democratic voted against him to have caused his defeat, they say, had his opponent. E. N. Huggins, received the full Republican vote.

It is an open accret that the State administration worked to elect Lentz in this, the capital district, and to defeat Weaver (Rep.), in Gov. Bushnell's residence district. These efforts were caused by the remnants of the soreness over the Senatorial contest of last January, when practically the full strength of the Bushnell administration was lent to the efforts of the Governor's Oll Inspector, Mr. Charles L. Kurtz, to form a successful fusion with the Democrats and prevent the election of Mark A. Hanna as Senator. The small results of these efforts this fall stand out in clear contrast to the spendid indorsement of President Mekaley by the rank and file of the Republican party of Ohio.

MINNESOTA.

A Democratic Governor, the Legislature and All the Congressmen Republican. St. PAUL, Nov. 9 .- John Lind, Democratic

candidate for Governor, is the only man on his ticket to be elected. Official and semi-official have elected their entire State ticket, with the exception of Governor, and all of their Con-

gressmen. The Congressional delegation from Minnesota will be: First district, James A. Tawney (Rep.); Second, James T. McCleary (Rep.); Third, Joel P. Heatwole (Rep.); Fourth, Frederick C. Ste-vens (Rep.); Fifth, Loren Fletcher (Rep.); Sixth, Page Morris (Rep.); Seventh, Frank M. Eddy Morris's election in the Sixth was a surprise

even to Republicans. Charles A. Towne, the Democratic candidate, had claimed his election by 2.000 majority, but the count shows that Morris had 800 votes more than his opponent. Lind. Democrat, is elected Governor by about 16,000 plurality. The other candidates on the Republican teket, from Lieutenant-Governor down, are elected by pluralities averaging 25,000, with the exception of one Judge of the Supreme Court, Lewis (Rep.), who defeated Mitchell (Dem.) by about 8,000.

Beturns are sufficiently complete to-night to show that Cushman R. Davis will succeed himself as United States Senator.

The Republicans have elected forty-two of sixty-three Senators and seventy-one of one hundred and nineteen members of the House. The Republican majority on joint ballot is 92. by 2.000 majority, but the count shows that

CLERK OF ELECTION SLO : Two Masked Men Enter a Booth at Butte,

Mont., When Votes Were Being Counted. HELENA, Mont., Nov. 9 .- A thrilling climax to the exciting Butte election occurred in that city at Precinct 3. Dublin Gulch, at about 5 this morning. Jack Daly, a clerk of election, was shot in the abdomen, and Dennis O'Leary, a special deputy Sheriff, was wounded in the left shoulder by two masked men, who entered the booth while the Judges were counting the ballots, supposedly for the purpose of robbery. Both of the masked men escaped. Daly and O'Leary were taken to the Sisters' Hospital. Daly died before he reached the hospital.

CORNER 28TH STREET. TERROR IN WILMINGTON, N. C.

Armed White Men Patrol the Streets and Negroes Kept in Seclusion. WILMINGTON, N. C., Nov. 9.-Terror is broadeast in this city to-night. Every block in the city is patrolled by armed white men, and the

negroes are not allowed upon the streets.

About 8 o'clock to-night a street car in the suburbs of the city was fired into by negroes, who were pursued by over 200 armed white men. The negroes managed to escape.

A large meeting of white men was held this

orning and decisive steps were taken to rid Wilmington of several objectionable characters. Besolutions were unanimously passed notifying Alexander Manley, editor of the negro paper. which gained notoriety by publishing an article slandering the white women of the South, to leave this county within twenty-four hours and to carry with him every bit of his newspaper outfit. Twenty-five citizens were detailed to see that Manley leaves the county and, if necessary, to call upon every white man

in the city to help them.

Resolutions were also adopted condemning. the present Republican-Populist city adminis-tration, and suggesting in a menacing manner that the Mayor and Chief of Police at once va-cate their offices.
